| Materials                      | Aluminium - Acrylonitrile Butadiene Styrene - Polycarbonate                                   |  |  |  |  |  |

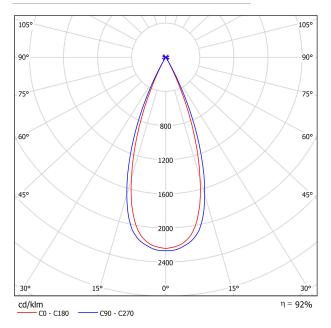

Black Foster Suspension is the product that transfers the claimed effect "The Invisible Black" to a linear suspended system. It is composed by a series of modules which combine light emisions with dark segments. Nevertheless, wether if it is On or Off, Black Foster always preserves the aesthetic of a perfect dark line.
